Providing payroll services **that fit your business.**

smailesgoldie.co.uk

Why consider outsourcing your payroll?

Staying on top of payroll is a major challenge for any employer, with frequently changing rates of tax, calculating pension contributions, student loan contributions, statutory parental pay and not to mention the National Minimum Wage (NMW) and National Living Wage (NLW).

With such frequent rule changes and any personnel changes that take place within your business, the amount of work required to keep on top of payroll can quickly spiral and take up more and more time as a business grows – time that could be spent on running your business.

The consequences of non-compliance can be severe, with steep fines for breaches of the different rules governing payroll and risking the loss of employee confidence along with reputational impact.

Why choose us?

At Smailes Goldie, we offer an efficient, cost-effective and friendly payroll service for businesses of all sizes – whether you have a single employee or several hundred.

We cover all aspects of payroll, including:

- Gross to net calculations
- Payslip and statutory communication provision
- Construction Industry Scheme
- Workplace pensions
- The use of a cloud-based software
- BACS payments
- Dedicated payroll contact for continued support
