

Smailes Goldie Group

CREATING ADVANTAGE

Charities

Smailes Goldie has a specialist group of accountants providing specific services for charities and not-for-profit organisations. With a significant portfolio of charity clients in the Humber region, we ensure that Trustees meet their responsibilities as defined by the Charity Commission.

We are highly proactive and get involved with Trustees to help plan strategy and compliance work. We keep up-to-date with the latest developments in UK Charity Law, application of the SORP to the annual report and accounts, audits and independent examinations. Our taxation services include advice on VAT, Gift Aid procedures, investments and funding.

Smailes Goldie also provides specialist advice and support on charitable status, incorporation and new legal charitable incorporated organisations (CIO). We can deal with external and internal audits as well as funding audits, including ESD and ERD Funding.

In addition to helping clients with corporate governance, risk management, HR, IT and data protection issues, our sister company, SG Financial Recruitment, can recruit the perfect accounting and finance professional to fit within a charitable organisation.
